- PROD : <https://portal.api.ehealth.fgov.be/>

# 2. Updated features

## 2.1. searchTestResults: more information available

In release 2.11.0 we added a new method: /prescriptionCodes/searchTestResults

In this release, more information are now available when present in our database:

- prescriptionCode: the prescription code associated to the test result
- laboratoryId: nihii or company id (BCE/KBO) of the laboratory which performed the test
- laboratoryName: name of the laboratory which performed the test
- testConceptCode: type of test performed
